

SUBJECT INDEX FOR VOLUME 17

A

- Acceleration of medical course, 48 (Jan.); 123 (Mar.); 185 (May).
 Accomplishment in medical school and interest patterns (Jacobsen), 153 (May).
 of 1940-1941 freshman class (Zapffe), 100 (Mar.).
 Aid, federal, for medical students pursuing accelerated courses, 324 (Sept.).
 Air Hygiene Foundation changes name to Industrial Hygiene Foundation of America, Inc., 60 (Jan.).
 American College of Physicians, 1942 meeting, 335 (Sept.).
 Anatomy, dissection; its place in the medical curriculum, 383 (Nov.).
 reform in teaching, 271 (Jy.).
 research in U.S. for past 30 years (Lassek), 387 (Nov.).
 teaching, perspectives on (Gregg), 273 (Sept.).
 who teaches anyhow? (Swett), 87 (Mar.).
 Anesthesia and surgery, integration of teaching in (Evans), 216 (Jy.).
 Applicants for admission to medical schools of U.S. in 1941, study of, (Zapffe), 164 (May).
 for 1942 freshman class, 326 (Sept.).
 Aviation, medicine, course in (Jones), 137 (May).
 medicine, principles of (Barach), 283 (Sept.).

B

- Blood and plasma banks, 263 (Jy.).

C

- California, licensure in adapted to acceleration, 197 (May).
 Cancer Institute at Lankenau Hospital, 401 (Nov.).
 Closure, imminent, of medical colleges, 323 (Sept.).
 College and university war problems, 124 (Mar.).
 medical, place of in national defense (Lull), 1 (Jan.).
 Corps area consultants, list of, 45 (Jan.).
 Course, accelerated, at University of Toronto (Ryerson), 319 (Sept.).
 medical, acceleration of, 48 (Jan.).
 Creditentials, entrance, of 1941 freshman class, 125 (Mar.).
 of 1942 freshmen, 394 (Nov.).
 Curriculum: four academic years in three calendar years (Johnson), 9 (Jan.); (Swett & Eadie), 14 (Jan.).
 for university medical school, statement of policy for development of (Porter), 316 (Sept.).
 medical, and national defense, 47 (Jan.).

D

- Daines, Lyman L., death of, 49 (Jan.).
 Dallas Medical Center, 334 (Sept.).

- Deferment of premedical and medical students, 325 (Sept.).
 Dissection, anatomical; its place in the medical curriculum (Dock), 383 (Nov.).
 "Don't stick your neck out," 392 (Nov.).

E

- Editorials, 41 (Jan.); 123 (Mar.); 185 (May); 261 (July); 323 (Sept.); 391 (Nov.).
 Education, medical, and general semantics (McNealy), 108 (Mar.).
 medical, early in Vermont (Cram), 253 (Jy.).
 medical, role of in war (Diehl), 369 (Nov.).
 students urged to continue, 261 (Jy.).
 Emory University and microscope owners, agreement between, 338 (Sept.).
 Evidence, experiment design and judgment of (Albritton), 222 (Jy.).

F

- Fellowship, Lewis Cass Ledyard, Jr., 337 (Sept.).
 Mary Putnam Jacoby, 61 (Jan.).
 Walter L. Niles, 132 (Mar.).
 Fellowships in medicine and public health, 337 (Sept.).
 in nutrition, 60 (Jan.).
 in tropical medicine, 338 (Sept.).
 research, at University of Illinois, 401 (Nov.).
 Welch, 185 (May).
 Foundation, Air Hygiene, changes name to Industrial Hygiene Foundation of America, Inc., 60 (Jan.).
 Chas. Cook Hastings, 273 (Jy.).
 Chas. Taylor Reeves, 196 (May).
 Josiah Macy, Jr., elects W. C. Rappleye president, 61 (Jan.).
 Menninger, 196 (May).
 Foundations, national, support given by to medicine, 270 (Jy.).
 Freshmen for 1941, 393 (Nov.).
 Fund, Knight, Memorial Education, 196 (May).

G

- Gastroenterology—new journal 401 (Nov.).
 Genetics, 334 (Sept.).
 Gonorrhea control, teaching of (Packer), 364 (Nov.).
 Grants for studies on infantile paralysis by National Foundation, 335 (Sept.).
 Graduates of foreign schools, Illinois State Board ruling on, 335 (Sept.).
 Graduation, hastening of by medical, dental and nursing schools (Diehl), 232 (Jy.).

H

- Hastings, Chas. Cook, Foundation, 271 (Jy.).
 Health, industrial, teaching to medical students (Wampler), 69 (Mar.).
 public, and preventive medicine, teaching of, report on, 80 (Mar.).

History, medical, in Virginia: a travelogue (Blanton), 178 (May).
Hospitals and accelerated program, 186 (May).
"House of Mending Hearts" studies rheumatic fever, 196 (May).
Humanities, place of in education 392 (Nov.).

I

Illinois State Board ruling on graduates of foreign schools, 335 (Sept.).
Industrial medicine; See medicine, industrial.
Instruments for research, 338 (Sept.).
Interns from Latin America, 60 (Jan.).
residents and students, military services of, 43 (Jan.).
Internships and acceleration, 186 (May).

J

Jacoby, Mary Putnam, fellowship, 61 (Jan.).

K

Knight Memorial Educational fund, 196 (May).

L

Lewis Cass Ledyard fellowship, 337 (Sept.).
Licensure in California adapted to acceleration, 197 (May).
interstate endorsement, 324 (Sept.).
statistics on, 263 (Jy.).
uniform standards of, 262 (Jy.).
Loan funds vs. scholarships for medical students (Davison), 173 (May).
Loans, student, 326 (Sept.).

M

Macy, Josiah, Jr., elects W. C. Rappleye president, 61 (Jan.).
Materia medica and therapeutics, what is wrong with teaching of in medical schools? An answer (Gruber), 34 (Jan.).
McGuigan, Hugh A., 326 (Sept.).
McKibben, Paul S., notice of death, 46 (Jan.).
M.D., honorary, 273 (Jy.).
Medicine and public health, fellowships in, 337 (Sept.).
in the crisis (Rappleye), 347 (Nov.).
industrial, teaching (Hazlett), 65 (Mar.).
industrial, meeting, 133 (Mar.).
preventive, and public health, report on teaching of, 80 (Mar.).
preventive, teaching of, 48 (Jan.).
aviation, course for medical students (Jones), 137 (May).
aviation, principles of (Barach), 283 (Sept.).
preventive, teaching of to undergraduate medical students (Perkins), 248 (Jy.).
receives support from national Foundations, 270 (Jy.).
tropical, and parasitic diseases, report on teaching of 117 (Mar.).

tropical, fellowships in, 338 (Sept.).
Menninger foundation, 196 (May).
Microscopes, agreement between Emory University and owners, 338 (Sept.).
Military services of medical students, interns and residents, memorandum on, 43 (Jan.).
Muscles, skeletal, morphologic considerations for the medical student, (DeGaris), 236 (Jy.).

N

National defense, military services of students, interns and residents, 43 (Jan.).
defense, actions taken by Association at Richmond (1941) meeting to aid in, 45 (Jan.).
defense and medical curriculum, 47 (Jan.).
defense, place of medical college in (Lull), 1 (Jan.).
defense, report of A.A.M.C. committee on preparedness, 39 (Jan.).
defense savings program, 126 (Mar.).
National Foundation in Infantile Paralysis, 264 (Jy.).
Navy Medical School, 401 (Nov.).
News, Association: 1942 meeting officers, 391 (Nov.).
Louisville meeting, 323 (Sept.).
Preliminary program, 53rd annual meeting, 321 (Sept.).
book, 62 (Jan.); 134 (Mar.); 198 (May); 272 (Jy.); 339 (Sept.); 402 (Nov.).
college, 50 (Jan.); 127 (Mar.); 187 (May); 265 (Jy.); 327 (Sept.); 395 (Nov.).
general, 58 (Jan.); 132 (Mar.); 196 (May); 270 (Jy.); 334 (Sept.); 401 (Nov.).
Niles, Walter L., fellowship, 132 (Mar.).
Nutrition, fellowships in, 60 (Jan.).
grants for research, 334 (Sept.).

O

Oliver, John C., 324 (Sept.).

P

Paralysis, infantile, studies, grants for, 335 (Sept.).
Pathology, teaching (Apperly), 146 (May).
Physicians needed in Panama Canal Zone, 133 (Mar.).
"Premedics," the neglected (Lassek), 175 (May).
Preparedness, report of A.A.M.C. committee, 39 (Jan.).
Preventive medicine and public health, 197 (May).
Psychiatry, newer phases of in relation to army problems (Overholser), 29 (Jan.).
teaching of, and the "prejudice for the organic," (Wegrocki), 359 (Nov.).
Program, accelerated, 123 (Mar.); 261 (Jy.).
preliminary, for 53rd annual meeting of Association of American Medical Colleges, 321 (Sept.).
Public health and medicine, fellowships in, 337 (Sept.).
and preventive medicine, 197 (May).
Public Health, Association of Schools of, 59 (Jan.).
Public Health School at Michigan, 58 (Jan.).

R

- Reeves, Chas. Taylor, foundation, 196 (May).
 Report of committee on medical aptitude test (Moss), 312 (Sept.).
 of Committee on Preparedness of A.A.M.C., 39 (Jan.).
 on Changes in undergraduate teaching as a result of war (Lehman), 229 (Jy.).
 on teaching of public health and preventive medicine, 80 (Mar.).
 on teaching of tropical medicine and parasitic diseases, 117 (Mar.).
 Research, anatomical, in U.S. in past 30 years (Lassek), 387 (Nov.).
 by preclinical departments of medical schools during 1940-1942 (Casey), 310 (Sept.).
 in nutrition, grants for, 334 (Sept.).
 instruments for, 338 (Sept.).
 Residents, students and interns, military services of, 43 (Jan.).
 Rheumatic fever, study of on grant from Borden Company, 196 (May).

S

- Scholarships vs. loan funds for medical students (Davison), 173 (May).
 Selection of medical students based on grades and aptitude test scores (Salter), 300 (Sept.).
 Student, medical, of today (Rehfuess), 113 (Mar.).
 Students, interns and residents, military services of, 43 (Jan.).
 medical, selection of on basis of grades and test scores (Salter), 300 (Sept.).
 Surgery and anesthesia, integration of teaching in (Evans), 216 (Jy.).

T

- Teaching anatomy (Swett), 87 (Mar.).
 anatomy, perspectives on (Gregg), 273 (Sept.).
 anatomy, reform in, 273 (Jy.).
 aviation medicine (Jones), 137 (May).
 in medical schools, proposed plan for (Kraimes), 352 (Nov.).
 industrial medicine (Hazlett), 65 (Mar.).
 gonorrhea control (Packer), 364 (Nov.).

- materia medica and therapeutics in medical schools; what is wrong with? An answer (Gruber), 34 (Jan.).
 preventive medicine, 48 (Jan.); 248 (Jy.).
 pathology (Apperly), 146 (May).
 psychiatry (Wegrocki), 359 (Nov.).
 public health and preventive medicine to medical students, report on, 80 (Mar.).
 report on changes in as a result of war (Lehman), 229 (Jy.).
 surgery and anesthesia, integration of (Evans), 216 (Jy.).
 tropical medicine and parasitic diseases, report on 117 (Mar.).
 tuberculosis (Hayes), 201 (Jy.).
 Test, aptitude, report of committee on (Moss), 312 (Sept.).
 Testing interest patterns and achievement in medical school (Jacobsen), 153 (May).
 Theobald Smith award, 334 (Sept.).
 Therapeutic Research Corporation of Great Britain, 197 (May).
 Therapeutics and materia medica, what is wrong with teaching of in medical schools? An answer, (Gruber), 34 (Jan.).
 Tuberculosis division of U. S. Army, 401 (Nov.).
 teaching of (Hayes), 201 (Jy.).

U

- University and college war problems, 124 (Mar.).
 University of Illinois, Graduate School, 59 (Jan.).
 University of Michigan School of Public Health, 58 (Jan.).

V

- Vermont, early medical education in (Cram), 253 (Jy.).
 Virginia, medical history, travelogue (Blanton), 178 (May).
 Volunteer physician defense workers, 125 (Mar.).

W

- War and beyond the war; a promise to men of medical science (Weech), 377 (Nov.).
 and education, 261 (Jy.).
 Welch fellowships, 185 (May).
 White Battalions, 132 (Mar.).
 Wilbur, Ray Lyman, 326 (Sept.).
